Mr. William P. Whitsett,
Van Nuys, Calif.

Dear Sir:

As one who has heard your KNX talks with deep interest, I trust that you will pardon the liberty I take in addressing you.

It is common talk in this County of Ventura that there will be no opportunity given its citizens to vote on whether or not they can enter the Metropolitan Water District, and that only certain privileged communities of Los Angeles, Orange and San Bernardino Counties will be included.

Will you kindly advise me if this report is true and whether or not there might not be opportunity for Ventura County to get some Owens Valley Acqueduct water after the other Counties get the Colorado River water?

Thanking you in advance for any information you may send me on the above.

Yours very truly,

Geo. D. Reid.
